Standard Microbiologial Practices Training Record

This document is intended to serve as a written record acknowledging that standard microbiological practices (SMPs) training has been given to the indicated laboratory personnel (including students) by a qualified site-specific trainer (i.e., principal investigator, laboratory manager, or other senior personnel).

<u>SMP training included</u>: general definitions; laboratory hygiene; laboratory access policies; disinfection and decontamination; biohazardous sharps management and safety; biohazardous waste segregation, treatment, and disposal; personal protective equipment; and facility standards. This training is intended to comply with the guidelines issued by NIH, CDC, USDA APHIS, and other applicable regulatory and/or funding agencies.
